TO OUR FRIENDS OF PACC

HAPPY FALL!

Thank you very much for being part of our organization. The COVID-19 pandemic has created an unprecedented situation for all of us. We appreciate your continued understanding, patience, and support as we navigate through this uncharted territory.

We will be continuing to operate on a modified and tentative schedule during the months of September through December. Sadly, at this time we cannot hold any of our holiday dances or larger events. Our schedule of events will be based on the CDC, ODP, local and county guidelines put in place. PACC must adhere to these guidelines. Please note, all events in this book are subject to change. Please be aware that if we go into the yellow or red phase, we may have to cancel multiple events, programs and activities. The health and safety of our consumers is our top priority.

Some ways we will be continuing to ensure the health and safety of our consumers at our events are:

- Limiting the size of our groups
- Using a temporal thermometer to scan temperatures at the start of each event.
- Wiping down tables and areas consumers sit at during an event.
- Spacing our consumers 6 feet apart at tables.
- Having hand sanitizer and cleaning wipes readily available to staff and consumers.
- Encouraging proper hand washing techniques.
- Having our staff wear masks. Encouraging our consumers to wear masks as well.
- Staying away from crowded settings.
- When transporting, having our consumers sit in the backseat.
- Wiping down the seats in our vehicles between consumers, as well as cleaning with disinfectant.

*Registration for events is MANDATORY*

We look forward to seeing you soon! For up to date information, please check our website for any changes and cancellations of our tentative Fall Schedule.

- PACC
Providers must screen the following:

- Direct service professionals or other staff, contractors or consultants that render face-to-face services to individuals. (All PACC Staff providing services)
- Family or friends with whom the individual will have face-to-face visits.
- Individuals receiving services.
- Screening of individuals is not required if they are currently diagnosed with COVID-19.

Screening Questions:
1. Do you have a fever equal to or higher than 100.0 degrees or respiratory symptoms such as new or worsening cough, shortness of breath, or sore throat?
2. In the past 14 days, have you had a potential exposure to COVID-19? A potential exposure means a household contact or having close contact within 6 feet of an individual with confirmed or suspected COVID-19 for at least 10 minutes. The timeframe for having contact with an individual includes the period of time of 48 hours before the individual became symptomatic.
3. Are you currently diagnosed with COVID-19, have a test pending for COVID-19, or been told by a medical provider that you may or do have COVID-19?

Additional screening considerations for individuals with ID/A:
In addition to the typical symptoms of COVID-19 as identified by the Centers for Disease Control (CDC), ODP providers have noted that for individuals with ID/A, COVID-19 infection has caused muscle aches, weakness, and a change in baseline behavior without or prior to respiratory symptoms emerging.

Providers should closely observe individuals for weakness or other changes in behavior that may be indicative of illness.

Screening Guidance for the Provision of Transportation Trip Services
Based on the answers to the screening questions above, transportation trip providers should take the following steps:

- If the answer to all three questions above is “no,” then the individual can use transportation trip services. Transportation trip services should be arranged in a manner that limits the driver’s physical contact with the individual and allows for social distancing. This may require fewer people in a common vehicle or more individual rides.
- If the answer is “yes” to just one of either question 1 or 2 above, the individual can use transportation trip services under the following circumstances: o The individual is transported as an individual ride; o The individual, if able, should wear a mask prior to entering the vehicle. The driver must wear a mask.
- If the answers to both questions 1 and 2 above are “yes” or the answer to question 3 is “yes,” then in addition to complying with guidance in “B” above, transportation trip services should only be used for medical care or medical appointments under the direction of the individual’s health care practitioner.
Screening Process for Other HCBS Services:

- Providers (including Agency with Choice Financial Management Services organizations) must have a protocol to ensure that staff and individuals have been screened using the screening questions above prior to services being delivered.
- Common law employers in the Vendor Fiscal/Employer Agent model are responsible for establishing how screening will be completed. ODP will release additional guidance to assist common law employers with establishing this process soon.
  - When a direct support professional answers “yes” to any of the above screening questions, the direct support professional should not render face-to-face services and back-up plans should be implemented.
  - When an individual receiving services answers “yes” to any of the screening questions, the individual should not participate in any community activities and appropriate steps should be taken to ensure follow-up if COVID-19 is suspected as a result of the screening. The individual’s health care professional will provide additional guidance on the appropriate timeframe to return community activities.

Masks: Cloth Face Coverings and Surgical Face Masks

Wearing a face mask has been recommended by the Secretary of Health to stop the spread of COVID-19. It is expected that staff who provide services wear a face covering or a mask during the entirety of service provision. The only exception is if the staff person lives with the individual. Masks should be worn by staff and individuals during activities in the community. Please note: Cloth face coverings are not considered personal protective equipment (PPE) and should not be worn in place of a surgical face mask when caring for an individual with COVID-

Masks should be worn by staff and individuals during activities in the community. In accordance with current CDC guidance, cloth face coverings should: fit snugly but comfortably against the side of the face to be secured with ties or ear loops to include multiple layers of fabric to allow for breathing without restriction to be able to be laundered and machine dried without damage or change to shape, Masks should not be placed on children younger than 2 years of age. If an individual has trouble breathing or other medical conditions that may be worsened with wearing a mask, seek clarification with the health care practitioner regarding mask use. It is important to keep in mind that some individuals may not be able to tolerate a mask or may be afraid or unsettled when others wear masks. The ODP Individual Transition Guide contains some questions that address the use of face masks. In addition, the following may help an individual adjust to wearing a mask:
    There is also an animated version available here.
  - Ensure that the individual knows that the individual will be able to breathe while wearing a mask if that is a concern.
  - While wearing masks, look in the mirror and talk about what it is like to wear a mask.

Guidance for Residential Settings:

- Residential providers should continue to follow the Long Term Care Guidance for Screening and Infection Control established by the CDC and found at: https://www.cdc.gov/coronavirus/2019-ncov/hcp/long-term-carestrategies.html.

Our Mission
The Mission of PA Connecting Communities is to empower individuals
with disabilities with opportunities to improve their quality of life.

• By developing friendships and life skills
• By providing social experiences and skills
• By providing prevocational skills
• By providing literacy skills
• By providing information
• By providing opportunities

Holiday closures for the Fall of 2020 include:
  Labor Day - Monday, September 7, 2020; Thanksgiving Day - Thursday, November 26, 2020;
  Christmas Day - Friday, December 25, 2020 and New Years Day - Friday, January 1, 2021
Office of Developmental Program (ODP)

PACC is Now Offering Occupational Therapy Services!

**Occupational Therapy** PACC is now offering Occupational Therapy Services through ODP and the Office of Long Term Living (OLTL) for individuals of all ages. Occupational Therapy encourages rehabilitation through the performance of activities required in daily life. Contact Heather Tortorea at (412) 621-6151 ext. 2012 or HTortorea@paconnectingcommunities.org.

**Supportive Employment**

1) **Job Coaching and Support**: Some functions of job support include training of individuals in job assignments, periodic follow-up or ongoing support. Other activities include support to relearn a job, training to assist individuals to use transportation for work, maintenance of appropriate work behavior while on the job.

2) **Job Finding and Development**: Development of skills; outreach to potential employers; training of job tasks; and other such tasks to assist individual in acquiring a job. Some functions of job finding include interview assistance, employer outreach and orientation, resume preparation, and job skill development.

3) **Career Assessment**: A service that consists of gathering and reviewing individuals interests, skills, and work/volunteer history. We also conduct assessments to assess individual’s interest and aptitude in a specific job while identifying types of jobs in the community that match interests, strengths, and skills. We also assist with developing a career assessment report with recommendations that address needs, interests, strengths, and characteristics of specific work environments.

4) **Supportive Employment Services** W9794 H2023 W7235: If an individual is deemed non-competitively employable through OVR, they may be eligible to receive Support Employment Services through waivers. Contact your Support Coordinator.

**Home and Community Habilitation Services** W7060 1:1 W7059 W7058: Services to help people gain, maintain, and improve skills that allow them to live and participate in their local community. This service may be made available to individuals in their own home or in other residential or community settings not subject to licensing regulations. Participants that utilize the group code can work on friendship building and socializing/outings with a buddy, peer, and friend in a group of 2. For more information on home and community habilitation services, contact our Executive Director of Home and Community Services/Assistant Executive Director, Darlene Zukowski at (412)621-6151 ext. 2003 or email her at Dzukowski@paconnectingcommunities.org

**Community Participation Services** 100% CPS W5996 W5993 W9351 W5997: PACC offers 100% Community Participation supports. PA Connecting Communities can provide services for people living in private homes, or supportive living arrangements, including transportation to and from participant home or another agreed upon location. We provide our participants with an opportunity to live ‘Everyday Lives’ by encouraging social activities, friendships, and community inclusion and is a great alternative to traditional day programs and workshops. Each consumer will have an individualized Community Participation Plan based on their goals, wants and needs. For more information on our Community Participation Services, contact our Community Participation Liaison, Joel Stein at (412) 621-6151 ext.2010 or Jstein@paconnectingcommunities.org

**Behavioral Services** W7095: Services that specialize in behavioral support for individuals who have challenging behaviors. Support individuals based upon assessment, those with behaviors that prevent an individual from living or working without crisis. The provision includes the training of individuals, staff, relatives and caregivers. For more information on our Behavioral Services, contact our Director of Behavioral Services, David Sacks at (412)621-6151 ext. 2016 or DSacks@paconnectingcommunities.org

PACC has multiple contracts to offer a variety of services. PACC contracts with The Office of Developmental Programs (ODP), The Office of Vocational Rehabilitation (OVR) and The Office of Long Term Living (OLTL). PACC also accepts private pays for services provided. Contact PACC at (412) 621-6151 for questions.
PACC’s Transition Service facilitates the successful transition from high school to postsecondary life. Students who are at least 14 years old and have an IEP are entitled to services that prepare them for the next chapter of their journey. PACC develops custom-designed plans to support and develop each student’s postsecondary goals, whether that be education, employment, or community-based services. PACC has implemented protocols and services to continue our work with students through the coronavirus pandemic.

PACC’s Transition Service includes:

- Transportation from home (to classes, job sites, events, and activities)
- Academic Instruction and Tutoring (including support for virtual/distance learning)
- Support of Related Services
- Community Experiences and Socialization
- Employment Experiences
- Acquisition of Daily Living Skills
- Functional Vocational Evaluation

PACC’s transition staff work one-on-one with students to provide the most in-depth and personalized service possible. Together, staff and student work on an individualized plan that addresses short and long-term goals. PACC’s services take place out in the community, at our office, or at the student’s home, at the pace and comfort level of the student’s family. Regular observation and data collection allow for staff to assess the effectiveness of their strategies and revise their approach to meet individual needs. Progress reports, provided to school staff and parents quarterly, describe past services, progress toward goals, and proposed modifications to the plan.
**Student Transition Program**

With school districts implementing distance and virtual-learning models to keep students and school staff safe, it is imperative that students with IEPs receive personalized and individualized attention. PACC is prepared to provide this service to students to minimize the disruption to their typical school schedule.

Services typically take place Monday through Friday, but evening and weekend scheduling are also available, so students may work a part-time job or attend social events. Each student receives 1:1 support, transportation, and access to more than 1,000 community integration and participation activities each year at no additional charge.

After students graduate from high school, or age out of school services, PACC is prepared to offer continued services through the Office of Developmental Programs (ODP), Office of Long-Term Living (OLTL), and the Office of Vocational Rehabilitation (OVR), which include: supporting the transition to postsecondary education at local colleges and technical schools, Supported Employment services, Home and Community services, Behavioral services, Occupational Therapy, and more.

For more information, please contact Anthony Mannella III, Director of Transition, at (412) 621-6151 x2008 or anthonymannellaiii@paconnectingcommunities.org, or visit pacc.org/transition.

**COVID 19 Protocols:**

*PACC is committed to keeping our employees, students, and their families safe by:*

- Following CDC guidelines for wearing masks, washing hands, and maintaining social distancing
- Performing temperature and health checks before providing in-person service
- Providing virtual instruction and online activities to engage students at home
Office of Vocational Rehabilitation (OVR)

What is new? PACC has entered a contract with OVR to provide pre-employment transition services for high school students 14 – 21 years of age. This is a new funding source to prepare students for employment and career opportunities.

Additional OVR Services for all ages:

Vocational Evaluations to assess the individuals’ skills and interests. This can be completed in our Vocational Assessment Center.

Job Coaching persons are provided 1:1 staff to assist with job development for obtaining and retaining employment.

CBWA (Community Based Work Assessment) allows the individuals to work under supervision with a group of individuals at a community site before being placed on a job.

PETS (Pre-Employment Transition Service) – PACC had a PETS agreement to provide the work based learning experience (WBLE).

Work Based Learning Experiences (WBLE) – A WBLE is an experience that includes job supports at a temporary, seasonal or summer job for a youth that may or may not be consistent with the youth’s long term employment goal. A WBLE is intended to document student strengths and limitations, teach students soft skills, and provide opportunities to explore careers of interest.

Job Shadowing - Experience in an occupation of interest within a community integrated setting. A Job Coach works with employers of interest and arranges for student to observe employees on a jobsite to obtain an overview of the work environment, tasks, and abilities required for the field of interest.”

Extended Services, beyond the typical 90 day training period.

PA Connecting Communities turns questions into answers. PACC provides OVR Employment Services & Supportive Employment Services through ODP for career development opportunities. Within the last year PACC has partnered with many local area businesses that are willing to assist you in the path to competitive employment.

There are several components to Supportive Employment:

- **Job Preparation**: Skill development crucial to finding, building and maintaining a career, such as: Interview assistance, resume preparation, employer outreach and orientation, job searches and public transportation training.

- **Job Preservation**: On the job support to assist with changes in duties or behaviors to help maintain employment.

Stay Fit and Active

PA Connecting Communities offers 100% Community Participation Supports

PA Connecting Communities can provide services for people living in private homes, or supportive living arrangements.
(Which can include Life-Sharing, Residential Group Homes, Semi-Independent Living Arrangements)

Community Participation Supports at PACC:

- Offers 1:1 support including transportation to and from participant home or another agreed upon location.

- Provides our participants with an opportunity to live ‘Everyday Lives’ by encouraging social activities, friendships, and community inclusion.

- Offer a great alternative to traditional day programs or workshops.

- Allows for a totally individualized Community Participation Plan for each consumer based on their goals, wants and needs. We have activities for all ability levels! And are always seeking out new opportunities!

- Can help to improve social skills with the goal of fostering relationships with community members to build friendships and natural supports with people with similar interests.

- Can focus on improving functional and work skills as well, and can be an important step in the competitive employment process, which is also a service that PACC can provide.

If you are interested in learning more about Community Participation Supports at PA Connecting Communities, please contact: Joel Stein (412) 621-6151 Ext 2010 or jstein@paconnectingcommunities.org

Office of Long-Term Living

Supportive Employment: Services to provide on-going supports that enable participants to perform in a regular, integrated, competitive work setting. May include assisting to locate a job or develop a job as well as support to maintain a job.

HOME & COMMUNITY DAY ACTIVITIES

Welcome to PACC’s Home and Community Day Activity Program. We are offering a variety of activities during day hours that emphasize community integration, skill development, socialization and independence while working towards personal goals. PACC’s Home & Community Day Activities are open to all individuals residing in group homes with the Community Participation CP Code, self-paying individuals, and other agencies. Your individual HAB staff will provide the transportation to any of the events and Access may also be available. You may participate in the full start to finish time of any activity, but have the option to arrive later or leave early depending on your personal schedules.

All outdoor activities are subject to change due to weather. For any questions about activities, events and programs, contact our Director of Events, Programs and Activities, Jennifer Ghelarducci at (412)621-6151 Ext: 2014.

You may also email Jennifer at JGhelarducci@paconnectingcommunities.org.
